

# RAILFUTURE NATIONAL LIST OF RAIL USER GROUPS, SORTED A-Z

Compiled by Tony Smale for Railfuture (email: [tony.smale@railfuture.org.uk](mailto:tony.smale@railfuture.org.uk)) Last updated: August 2019

## Notes:

- 1 "Rail User Groups" are independent organisations supporting the railways in their area and/or campaigning for service improvements.
- 2 See also these Railfuture lists: Groups sorted by Region, Reopening Campaign Groups, National & Regional Passenger Bodies.
- 3 Not shown in this list: any Transport Committee / Forum / Action Group hosted by a local authority to which transport users are invited.
- 4 Also not shown in this list: station adoption groups (except any known to be actively campaigning for service improvements).
- 5 If you have trouble contacting a particular group, please ask me via the above email address and I may be able to help.
- 6 If you want me to generate a sub-list of rail user groups for a particular region or for a particular TOC, please ask via the above email address.
- 7 "May be extinct" = I've had no contact with the group and an internet search does not reveal any recent mentions. Let me know if you've revived!
- 8 Corrections and comments very welcome – please send details to the above email address.
- 9 See also footnotes at the end of this list.

## Key:

**Region** The one or more region in which the rail user group is located, shown as the abbreviated name of the relevant Railfuture Branch...

Devon & Cornwall / East Anglia / East Midlands / Lincolnshire / London & South East / North East / North West / Scotland / Severnside / Thames Valley / Wales / Wessex / West Midlands / Yorkshire. Note: Railfuture Branches should be regarded as "regional rail user groups".

A = affiliated to Railfuture (L=lapsed) ...but note that committee members of some non-affiliated RUGs are also individual members of Railfuture.

**TOC1 TOC2** Train Operating Companies – the operators of passenger services in the area represented by the rail user group (up to 2 shown; may be >2)...

Abellio Greater Anglia, Caledonian Sleeper, C2C (London-Southend), Chiltern, East Midlands Trains, Great Western Railway, First Hull Trains, First TransPennine, Govia Thameslink Railway (Thameslink, Gt Northern, Southern, Gatwick Express), Grand Central, London North Eastern Railway, London Northwestern, London Overground, London Transport, Manchester MetroLink, Merseyrail, Nexus, Northern, ScotRail, South Eastern, South Western Railway, Transport For Wales, Virgin Trains, West Midlands Trains, X Country Trains.

### Footnotes:

1 Friends of Station groups are included in the above list if they are known to have a wider remit, eg campaigning for service improvements. There are many other Friends of Station groups; these can be any or all of the following...

- (i) sub group of a line user group
- (ii) supported by a Community Rail Partnership (see footnote 4)
- (iii) part of a scheme run by a train operating company
- (iv) affiliated to the Association of Community Rail Partnerships (see <https://communityrail.org.uk/> ).

For a definitive list of adopted stations in your area, you will need to contact the Stakeholder Manager of the relevant train operating company.

2 In addition to those Rail User Groups and Reopening Campaign Groups marked with an "A" in these lists, the following organisations are also affiliated to Railfuture:

- |  |                                      |

## RAILFUTURE NATIONAL LIST OF RAIL USER GROUPS, SORTED A-Z

- 3 There are over 40 officially-designated **Community Rail** lines or services: see <https://www.gov.uk/government/collections/community-rail-lines>.
- 4 Most community rail partnerships (CRPs) are members of the Association of Community Rail Partnerships: see <https://communityrail.org.uk/community-rail/meet-our-members/>. Some of the CRPs have widened their scope to cover nearby lines/services. Some further “rail partnerships” have been set up for lines/services that are not officially designated. The Department for Transport is working with ACoRP to introduce their new **Accreditation** scheme. This will replace **Designation**, and will apply to CRPs themselves rather than individual lines.
