Dear Sir/Madam,

Magna Tram-Train stop and Park & Ride in Templeborough, Rotherham

Railfuture is Britain's leading and longest-established national independent voluntary organisation campaigning exclusively for a better railway across a bigger network for passengers, and freight users, to support economic growth, environmental improvement and better-connected communities. We seek to influence decision makers at local, regional and national levels to implement pro-rail policies in development and transport planning.

We give below our responses to the consultation questions relevant for an organisation.
