

RAILFUTURE NATIONAL LIST OF RAIL USER GROUPS, SORTED A-Z

Compiled by Tony Smale and Richard Bowry for Railfuture (email: tony.smale@railfuture.org.uk) Last updated: June 2023

Notes:

- 1 "Rail User Groups" are independent organisations supporting the railways in their area and/or campaigning for service improvements.
- 2 See also these Railfuture lists: Groups sorted by Region, Reopening Campaign Groups, National & Regional Passenger Bodies.
- 3 Not shown in this list: any Transport Committee / Forum / Action Group hosted by a local authority to which transport users are invited.
- 4 Also not shown in this list: station adoption groups (except any known to be actively campaigning for service improvements). See footnotes.
- 5 If you have trouble contacting a particular group, please ask me via the above email address and I may be able to help.
- 6 If you want me to generate a sub-list of rail user groups for a particular region or for a particular TOC, please ask via the above email address.
- 7 "May be extinct" = I've had no contact with the group and an internet search does not reveal any recent mentions. Let me know if you've revived!
- 8 Corrections and comments very welcome – please send details to the above email address.
- 9 See also footnotes at the end of this list.

Footnotes:

- 1 Station adoption groups (ie "Friends of xyz Station") are included in the above list if they are known to have a wider remit, eg campaigning for service improvements. There are now about 1,000 station adoption groups across Britain; these can be any or all of the following...
 - (i) sub group of a line user group
 - (ii) supported by a Community Rail Partnership (see footnote 2)
 - (iii) part of a scheme run by a train operating company
 - (iv) affiliated to the Community Rail Network (see <https://communityrail.org.uk/>).

- 2 Community Rail Partnerships (CRPs) are not included in the above List of Rail User Groups. Most CRPs (74 at the last count) are members of the Community Rail Network. Some are also affiliated to Railfuture. CRPs were originally set up to support railways across Britain that were designated by the Dept. for Transport as "Community Rail Lines or Community Rail Services". The DfT has now introduced an **Accreditation** scheme for CRPs. This will replace **Designation**, and will apply to CRPs themselves rather than the individual lines or services – see <https://www.gov.uk/government/collections/community-rail-lines>.

- 3 Station Adoption Groups and Community Rail Partnerships that are affiliated to the Community Rail Network can be found from the list and interactive map on the Community Rail Network's website here: <https://communityrail.org.uk/community-rail/meet-our-members/>

- 4 In addition to those Rail User Groups and Reopening Campaign Groups marked with an "A" in the above list, the following organisations are affiliated to Railfuture:
 - Lothian Cycle Campaign (SPOKES)
 - RMT Bristol Retired Members Branch
 - Trans Wilts Community Rail Partnership
 - Yorkshire Coast Community Rail Partnership
