Dear Mr Farooq,

Barking station refurbishment

I refer to the applications for planning permission 19/00141/FUL and listed building consent 19/00142/LBC for various works to refurbish Barking rail station.

Railfuture is Britain's leading national independent voluntary organisation campaigning for a better railway across a bigger network for passenger and freight users in order to support economic (housing and productivity) growth, environmental improvement and better-connected communities. We seek to influence decision makers at local, regional and national level to implement pro-rail policies in the nation's transport planning.

Please record the wholehearted support of Railfuture for the proposals in each application.

Yours faithfully,

Roger Blake BA, MRTPI (Rtd), MTPS
Railfuture
Director for Infrastructure & Networks
Vice-Chair London & South East regional branch
