

**Headlines: Looking at just rail journeys from Cambridge within East Anglia (and to London) all seasons are regulated and have increased by 1% as required by the government. Few are worth buying unless travelling five days a week, except for London and branch lines from Norwich, which are about three days' travel.**

Fares collated by Railfuture .

#### Notes:

- 1 Fares shown are for adults in standard class.
- 2 Journeys in the opposite direction (i.e. where Cambridge is the destination not the origin) are always the same price for seasons. Monthly and annual seasons are based on weekly prices.
- 3 Fares increase the longer the journey but some adjacent stations have the same fare. These are not always synchronised with the Anytime Day Return fares.
- 4 Some of the stations do not have a 7-day season.
- 5 Stations to London are for rail only (i.e. not travelcards).
- 6 The season shown for Liverpool street is for that route only. KGX fare also allows LST route.
