

Railfuture is the UK's leading independent organisation campaigning for better rail services for passengers and freight. Railfuture is a voluntary group representing rail users, with 20,000 affiliated and individual members. It is not affiliated to or funded by train companies, political parties or trade unions.

The Railfuture East Anglia Branch influences transport policy and rail developments in the region, working with the rail industry, councils, rail user groups, Community Rail Partnerships, Local Enterprise Partnerships, MPs and elected officials.

The branch holds four meetings a year for its members, which are open to the public, usually in Bury St Edmunds, Cambridge, Ipswich and Norwich with speakers including influential people from the rail industry. Members receive a quarterly local newsletter RailEast.
